Dr. Solaroglu is currently working as a Neurosurgeon and academic staff at the Koç University, Department of Neurosurgery (Istanbul, Turkey). His clinical interest focuses on neurovascular surgery and neuro-endocrinologic surgery. Dr. Solaroglu's research focuses on hematopoietic growth factors in neuroprotection following experimental stroke, spinal cord injury, and traumatic brain injury.

His research has been published in high-level academic journals including Stroke, Neuroscience, and the Journal of Neuroscience Research. He has authored or co-authored well over 60 papers and has 50 presentations and more than 650 citations (h-index: 14). Dr. Solaroglu has been awarded (including Prof Raja Award for Young Neurosurgeon 2007, AACNS Young Neurosurgeon Award 2007) many times by different societies. He is the member of advisory board or reviewer of many scientific journals including Stroke, Experimental Neurology, Neurological Research, Acta Neurochirurgica, Spine, and Turkish Neurosurgery. Currently, Dr. Solaroglu is the Vice President of Turkish Neurosurgical Society, President of International Basic Neurosurgery Course, and member of WFNS Cerebrovascular Diseases & Therapy Committee.
